EDUCATION

Arab Open University (AOU), Faculty of Computer Studies, Department of Computer Science **Sep 2025 - Present**

Pursuing second-year undergraduate studies in Computer Science.

SUMMARY

Software Tester and Aspiring Full-Stack Web Developer with practical experience in Manual Testing, API Testing, Database Testing, and Test Automation using Selenium, TestNG, and Java. Trained through DEPI, Orange Digital Center, and NTI programs, with expertise spanning software quality assurance and MEAN Stack development (MongoDB, Express.js, Angular, Node.js). Skilled in designing test cases, reporting defects, building RESTful APIs, and developing modern web applications. Eager to contribute to innovative teams while continuously expanding technical and professional capabilities.

EXPERIENCE

- **E-Commerce Automation Testing (DeFacto, Noon, Seoudi Supermarket)**
  - Engineered robust automation frameworks and authored test scripts using Selenium and Java to validate critical user flows and UI functionality.
- **Commercial Web Development (Restaurants & Cafes)**
  - Deployed three fully functional, responsive websites utilizing AI-driven Vibe Coding, prioritizing modern UI/UX and client business requirements.
- **RESTful-Booker API Testing**
  - Executed manual API testing via Postman on the authentication endpoint, formulating test cases and tracking defects using Excel.
- **ISTQB Foundation Practice (Demo Site)**
  - Implemented ISTQB-aligned manual testing and SDLC principles, executing structured test cases and generating detailed documentation.
- **Personal Portfolio**
  - Programmed a responsive portfolio leveraging HTML, Tailwind CSS, and JavaScript, featuring Dark/Light modes and Formspree email integration.

SCHOLARSHIP AND TRAINING

- **NTI MEAN Stack: Web Developer Career Accelerator Jun 2026 - Aug 2026**
  - Currently participating in a 210-hour professional training program focused on MEAN Stack web development.
  - Developing full-stack applications using MongoDB, Express.js, Angular, Node.js, and TypeScript.
  - Building secure RESTful APIs, implementing authentication, database management, and modern front-end architectures.
  - Applying web security, UI/UX, project management, and freelancing best practices in real-world projects.

– **Digital Egypt Pioneers Initiative Software Testing Track Jun 2025 - Dec 2025**

* Graduated from a six-month intensive program sponsored by the Ministry of Communications and Information Technology (MCIT).
* Mastered the full Software Development Life Cycle (SDLC) and ISTQB-aligned fundamentals, encompassing static/dynamic techniques and test design.
* Performed manual, exploratory, and API testing (Postman), and programmed automated test scripts using Selenium and Java.
* Administered test cases and bug tracking via Jira and Excel, leveraging foundational Java and prompt engineering for AI-integrated workflows.

– **Automation Testing Training** **Feb 2026**

* Participated in a collaborative training program by **Orange Digital Center Egypt** and **Instant Software Solutions**.
* Integrated automation testing concepts into practical, real-world scenarios.
* Formulated and constructed automation frameworks, elevating practical skills with industry-standard tools.
* Adhered to QA best practices and test automation standards to achieve professional-level proficiency.

HONORS ACTIVITIES

University & Extracurricular Activities

* **Microsoft Student Club (MSC), AOU** **Dec 2025 – Present**
  · Tech Team Member (Web Committee).
* **NASA Space Apps Challenge, Benha** **May 2025 – Oct 2025**
  · Head of Logistics, OC & Building. Spearheaded event preparations, logistics planning, and cross-functional team coordination over a six-month term.

SKILLS

Technical Skills:

· **Programming & Web Technologies:** Java (Core), JavaScript (ES6+), TypeScript, HTML5, CSS3, Node.js, Express.js, Angular, MongoDB, Dart (Basics), C++ (Basics), LaTeX (Basics).
· **Testing & QA Tools:** Selenium WebDriver, TestNG, Postman, Jira (Xray), API Testing, Manual Testing, Test Case Design, Bug Reporting.
· **Development Tools:** Git & GitHub, Visual Studio Code, IntelliJ IDEA, MongoDB Compass, npm, Maven, Microsoft Office.
· **Concepts:** OOP, RESTful APIs, SDLC, STLC, Database Design, Agile Methodology, Web Security Fundamentals, UI/UX Principles, Authentication & Authorization.
· **Other:** Prompt Engineering, Freelancing Fundamentals, Project Management Basics, Basic Video/Photo Editing.

Personal Skills:

· Leadership & Teamwork
· Problem Solving
· Time Management
· Continuous Learning
· Adaptability

LANGUAGES

· Arabic — Native.
· English — Intermediate (Reading & Writing), Conversational (Speaking).
